### 2011 FORESTER

- Large standard roof rails increase overall versatility and give the Forester an upright, SUV-like profile.
- 2.5XT Limited models feature a new rear spoiler which improves aerodynamics for improved fuel efficiency.
- Thanks to the extensive use of high-tensile steel, the Forester is an IIHS Top Safety Pick and also features relatively thin roof pillars for excellent visibility, reducing the chances of an accident in the first place.
- Forester 2.5X Touring Package and Limited Package models feature new 17-inch aluminum alloy wheels that give the Forester a dynamic appearance.
- Auto-leveling HID headlights on 2.5X Limited Package and 2.5XT Limited models provide added safety on dark roads.
- A subtle redesign of the front grille keeps the Forester looking fresh as it heads into its third model year.

- 2.5X Limited Package and 2.5XT Limited models are equipped with the Pioneer® AVIC-U310BT media system and Pioneer® speakers, front and rear, for excellent clarity and sound reproduction.
- A flip-forward seat cushion table with integrated and illuminated cup holders is standard on Touring and Limited Packages.
- The Forester boasts more cargo volume and a larger cargo floor than most competitors.
- Reclining rear seats are standard on Touring and Limited Packages as well as 2.5XT Limited.
- A 10-way power driver's seat enhances driver comfort and is standard on all but the introductory 2.5X model.
- An auto up/down driver's side power window on Forester 2.5X Touring Package provides added driver convenience.
- Bluetooth® hands-free technology is standard on most models, allowing drivers to keep their hands on the wheel and eyes on the road.
