2015 WRX

SPECIAL FEATURES

Fully redesigned to emphasize its strength and speed, the nose cone bumper displays an aggressive demeanor with a glossy black hexagonal grill surrounded by hawk-eye headlights.

The aluminum hood features the traditional hood scoop which has been lowered and widened for better intake efficiency and driver visibility.

A six-speed manual transmission with Viscous LSD centre differential is now standard. Available is an optional Sport Lineartronic® transmission with paddle shifters and SI-Drive.

The 17-inch aluminum alloy wheels with a Dark Gunmetal finish have an aerodynamic design that helps to improve fuel economy.

Along with bigger brakes, the bolt pattern is now 114.3 mm, matching the WRX STI, which increases rigidity and improves handling stability.

The instrument cluster features a dual gauge layout with 3.5-inch full-color LCD display in a clean unobstructed package of high performance and multi-function.

A multi-function display with a 4.3-inch colour monitor with centre mounted controls features a boost gauge, fuel data, eco-guide, vehicle dynamics monitor and more which helps keep the driver informed as well as passengers involved in the driving experience.

2015 Subaru WRX

Developed to give its driver a sense of enjoyment when behind-the-wheel, and propelled by a 268-horsepower Direct Injection Turbo BOXER engine, the 2015 Subaru WRX offers the best-handling and best performance of any WRX. It's pure power in your control.
